ENCHEN HUNTER hair clippers

With a hair clipper you can easily achieve your dream results and save money spent at the hair salon. The device has high-quality blades and a powerful motor, so its work is efficient. What's more, it doesn't generate annoying noise and allows you to adjust the blade length from 0.8mm to 2mm.

No worries about cuts

Thoughtful design of the razor ensures safe use. The device has an R-type blade and is rounded on the sides, so you don't have to worry about cutting yourself.

Customize its operation to suit your needs

The razor allows you to adjust the length of the blade from 0.8 mm to 2 mm. Thanks to this, the Enchen HUNTER will work well not only for cutting hair, but also for styling mustaches, beards or sideburns.

High-quality blades

Ceramic and titanium blades are responsible for the high precision of the Enchen HUNTER, so you can enjoy great results. What's more, the blades don't get hot during use, so you can use them without worrying about getting burned.

Thoughtful design

The head of the razor is designed so that using it does not cause discomfort and irritation. In addition, the device has a powerful motor that runs at 8000 rpm - it does not cause a pulling sensation and ensures fast and precise cutting. In addition, the noise level is only
