Tribit MoveBuds H1 BTH95 headphones.

Take your favorite music with you on your workout! Tribit headphones are IPX8 water resistant and provide unparalleled comfort thanks to their ergonomic design. What's more, they offer excellent sound quality and long runtime. In addition, they are equipped with Transparency mode, which will allow you to stay in touch with your surroundings.

Long operating time

Don't be afraid of suddenly discharged headphones. The Tribit MoveBuds H1 BTH95 are equipped with long-lasting batteries that offer up to 15 h of operation, while the charging case extends the operating time to 65 h. Their charging time, on the other hand, reaches 2 h.

High-quality sound

The Tribit headphones are equipped with the AptX audio codec, which is responsible for crystal clear and richly detailed sound. What's more, the 13-millimeter drivers offer deep bass and great harmony.

Fast, stable connection

Tribit MoveBuds H1 BTH95 have a built-in Qualcomm 3040 chip, which is responsible for fast signal transmission, stable connection and low latency. What's more, Bluetooth version 5.2 is responsible for excellent interference-free signal up to 10 meters.

### Hear what you want

Make phone calls without worrying about background noise. Tribit headphones have 4 microphones and support CVC 8.0 technology, which mutes up to 90% of outside sounds, so you can focus on your conversation. What's more, Transparency mode lets you hear what's going on around you - no more missing an important announcement at the train station or airport.

### Ergonomic, waterproof design

This is not the end of the Tribit headphones' advantages. What sets them apart is their ergonomic design, so you can wear them for a long time without feeling uncomfortable. What's more, special hooks ensure stability. In addition, they are IPX8 water resistant, so they are perfect for training or rainy weather. You will also find antibacterial, replaceable rubber bands in 5 different sizes - everyone will choose the right one for themselves.
