Orico MA15-GY-BP laptop stand (gray).

Make your everyday life easier. The Orico MA15-GY-BP laptop stand will allow you to comfortably watch movies or work anywhere. It is curved at a 30-degree angle and compatible with a range of 11-17.4" devices. It stands out for its durability and stability, and allows for better heat dissipation. What's more, it will allow you to increase your productivity.

Stable and non-slip

You don't have to worry about your laptop accidentally slipping off the stand. The non-slip silicone elements keep your laptop in a stable position and prevent the stand from sliding on the surface of your desk. What's more, they protect your device from scratches. You can be sure that your equipment is safe!

Ergonomic design

The design of the stand is curved at a 30° angle and the line of sight height is 87 cm, which will provide you with unparalleled comfort during use. The specially designed accessory allows efficient heat dissipation while protecting your laptop from overheating.

Many possibilities

The stand will work perfectly in many situations. It is compatible with devices with a diagonal of 11-17.4", so you can easily place a

laptop, as well as a tablet or e-book reader. As a result, you can comfortably watch your favorite TV series, prepare delicious dishes from online recipes or make graphics on a graphics tablet. Your possibilities are almost unlimited!
