Orico CRS21-BK TF/SD memory card reader, USB 3.0, up to 2TB (black)

Orico CRS21-BK TF/SD memory card reader, USB 3.0, up to 2 TB (black)

Transferring files has never been easier. The memory card reader has a USB interface and supports TF and SD cards. It allows data transfer speeds of up to 5 Gbps and supports up to 2 TB. It is compatible with various systems and devices. It also features a rugged and compact design.

Built for your convenience

The Orico memory card reader features a USB3.0 interface and provides lightning-fast data transfer at a maximum speed of up to 5 Gbps. As a result, you will transfer all the files you need in just a few moments. What's more, the device supports memory cards of up to 2TB.

Compact size

The compact design of the device means that you can always have it within reach! You can easily put it in your purse or even pocket and take it wherever you want. It's made of durable ABS fireproof material, and a blue light indicator lets you know the device's status. Also noteworthy is the matte finish, which makes the reader extremely pleasant to the touch.

Wide compatibility

Forget about limitations. The reader stands out for its high compatibility - it supports many types of cards, for example, SD, SDHC and TF. It works great with a number of different devices including smartphones, tablets and laptops. It is also compatible with Windows, Linux and Mac systems. The plug-and-play feature will allow you to transfer files quickly, without having to install additional drivers.
