

## Powerbank Acefast M2 Sparkling Series, 20000mAh, 30W (purple)

Ref: 6974316282037

Powerbank Acefast M2 Sparkling Series, 20000mAh, 30W (purple)

Powerbank Acefast M2 Sparkling Series, 20000mAh, 30W (purple)

Looking for a handy powerbank that will replenish the energy of several devices at the same time in no time? We have something extra for you! The Acefast M2 powerbank is an eye-pleasing device with a capacity of as much as 20,000 mAh! It supports fast charging protocols and is half as fast as traditional powerbanks. It offers USB-C and USB-A input with a total output power of 30 watts. It features a distinctive design, compact size and has a number of safety features to protect the equipment being charged.

### Reduces charging time

Now you won't wait indefinitely for your devices to finish charging. The Acefast M2 has 2 fast charging ports: USB-C and USB-A, supporting popular protocols such as QC 3.0, QC4+, AFC, FCP, SCP, or PD 2.0 and 3.0. This means it will only take you 1.5 hours to replenish your iPhone 14 Pro Max, half the time of a traditional powerbank.

### Protects your devices

You don't have to worry about the safety of your devices! The Acefast M2 powerbank supports fast charging protocols and automatically recognizes the equipment connected to it, so it adjusts the power with which it can be charged. Such a solution prevents overheating and overcharging of batteries. What's more, the M2 has a number of safety features to protect equipment from electrical hazards such as short-circuit, overcurrent, etc.

### Small size - great possibilities

The M2 Sparkling Series is equipped with a 20,000 mAh battery, and you can easily top it up with the USB-C cable included in the package. The product is extremely lightweight and 35% smaller than the iPhone 14 Pro Max, which means it will even fit in your pocket! It meets all aviation standards, so it can accompany you on any trip. Information about the status of the battery will provide you with an easy-to-read futuristic LED display.
