

Aigo GP750 750W computer power supply (black)

Aigo GP750 750W computer power supply (black)

Ref: 4710343794905

Aigo GP750 750W computer power supply (black)

The Aigo GP750 power supply provides efficient power to your computer. It uses 750W of power, and wide compatibility increases the freedom of use. What's more, the performance is confirmed by Bronze 230EU certification, and built-in safety features ensure safe use and prevent damage to the set.

Efficient, safe operation

Do not be afraid of overheating the device. The product is equipped with a 120 mm fan. In addition, thanks to its well-thought-out design, it will serve you for a long time, and the use of a DC-DC circuit ensures reliable operation, for example, when loading the CPU or cooling. What's more, protections are responsible for the safe operation of the product: OPP, UVP, OCP, OVP, OTP and SCP.

Compatible

The Aigo GP750 power supply is distinguished by its relatively small design, making it compatible with various computer cases. Besides, the 20 + 4 pin x1; CPU4 + 4 pin x2; PCI-E 6 + 2 pin x4; SATA x4 and IDE 4 pin x2 connectors allow you to connect a graphics card, for example. With Aigo, you can easily match the power supply to your computer, providing it with a reliable power source.

Manufacturer

Aigo

Model

GP750

Color

black

Power

750 W

Dimensions

140 x 150 x 86 mm

Fan diameter

120 mm
