

Mechanical keyboard Darkflash GD100 Milky

Mechanical keyboard Darkflash GD100 Milky

Ref: 4710343795476

Darkflash GD100 Milky Brown Mechanical Keyboard

The Darkflash GD100 mechanical keyboard will work well both at work and during gaming. It connects to a compatible device in 2 ways, and the anti-ghosting function affects the smooth operation of the device. What's more, it works for up to 90 days on a single charge, and the USB-C port makes charging easy.

Reliable work

Enjoy comfortable operation - the keyboard uses durable PBT keys, and the anti-ghosting function ensures that every keystroke is registered. In addition, the GD100 features yellow switches that stand out with a 45g pressure force and 4mm travel. On the other hand, thanks to hot swap, you can replace the switches as needed.

2 ways to connect

Wired or wireless - use the keyboard as you are comfortable. You connect the Darkflash GD100 to your computer using a USB-C cable. If you prefer wireless, use the USB receiver (included) - the keyboard will connect to your device in the 2.4G band.

Up to 90 days of use

Use the GD100 without worrying about sudden discharge. The keyboard is equipped with a 1200 mAh lithium battery, which provides up

to 90 days of use on a single charge. In turn, its charging takes about 2 h, a task made easier for you by the USB-C port.

Ergonomic

Customize the keyboard to suit your needs. The Darkflash GD100 allows you to adjust the height in 2 levels, and the non-slip feet guarantee stability and prevent the device from moving. Moreover, the device consists of 100 keys, so it won't take up much space on your desk. In addition, the USB receiver has been placed in a dedicated place on the back of the keyboard. On the other hand, a white light indicator will inform you about the product's working status.
