### Remax sports wireless headphones (black)

Remax has an offer specifically for athletes - wireless headphones that have a silicone neck strap and support TF cards. Bluetooth 5.0 technology will allow you to enjoy a fast and stable connection. Listen to your favorite songs and enjoy HiFi quality sound during your workouts!

### Crystal clear sound

Remax headphones are distinguished by an impedance of 16Ω and generate powerful and clear sound, even at low volume levels. Experience how good your songs can sound and appreciate the perfect harmony of bass and treble! What's more, the equipment supports TF cards.

### Bluetooth 5.0

Bluetooth 5.0 not only provides a faster and more stable connection to your device, but also a long operating range of up to 10 meters. This allows you to move freely around the room without worrying about losing connection with your device. This is especially important for people who lead active lifestyles and value mobility, regardless of location or situation.

### Powerful battery

With a battery capacity of 110 mAh, you can enjoy up to 10 hours of music listening on a single charge. It takes just 1.5 hours for the power to renew.

#### Refined design

The headphones were created for users who appreciate comfort, functionality and style. Their ergonomic design makes them fit perfectly on the ears, providing full comfort. Also noteworthy is the neck strap, which provides great stability and eliminates the risk of the headphones falling out of your ears during a workout and getting damaged.
