

## Wireless Bluetooth Speaker Tronsmart T2 Plus

Wireless Bluetooth Speaker Tronsmart T2 Plus

Ref: 6970232013281

### Tronsmart T2 Plus Bluetooth Wireless Speaker

The Tronsmart T2 Plus provides high quality sound and plays music for up to 24 h on a single charge. What's more, you can pair 2 speakers at the same time, and the availability of several ports allows you to connect other devices to the T2 Plus. In addition, the speaker supports NFC, so you can instantly connect it to your smartphone. In addition, compatibility with Google Assistant, Siri and Cortana allows you to control the device with voice commands.

### High quality sound

The speaker uses an output power of 20 watts and is equipped with dual drivers and a passive heat sink, resulting in deep bass tones and stunning sound. What's more, it is possible to pair 2 speakers for stereo sound.

### Up to 24 hours of playback

Take the T2 Plus to a picnic or garden party and don't worry about a suddenly drained battery. The speaker runs for up to 24 h on a single playback, which means you can listen to up to 500 songs without a charging interruption. In turn, the included USB-C cable will be used to charge the device.

### Waterproof and portable

The Tronsmart T2 Plus speaker features IPX7 water resistance, so you don't have to worry about splashing it. What's more, it's lightweight and portable, so transporting and storing it won't be a problem. In addition, you can use the included lanyard and clip the speaker to a location of your choice.

#### Easy operation

Operating the speaker will not cause you any problems. The Tronsmart T2 Plus is equipped with buttons with which you can conveniently adjust the volume, stop playback, answer an incoming call, etc. What's more, the device supports Siri, Cortana and Google Assistant voice assistants, so you can customize its operation by using a simple voice command.
