

## Gaming Mousepad Darkflash FLEX 800

Gaming Mousepad Darkflash FLEX 800

Ref: 4710343790624

### Darkflash FLEX 800 Gaming Mouse Pad

Darkflash FLEX 800 is a high-quality gaming mouse pad with backlighting and a non-slip bottom, measuring 80 x 30 cm, designed to provide comfort during work or gaming sessions.

### RGB Lighting

Surrounding the mouse pad is an illuminated strip equipped with an easy-to-use controller that allows you to change the lighting. Users have access to six individual colors and one RGB mode, allowing you to match the light color to your desk or mood.

### Comfort and Portability

The Darkflash FLEX 800 is covered with a smooth and pleasant-to-touch material that allows the mouse to move with ease. Both the natural rubber used for the pad and the surrounding strip are soft and flexible, making it easy to roll up and transport. All seams are made with precision and a focus on quality.
