ORICO-CAF31-03-BK-BP Cable (Black)

Ref: 6936761862707

ORICO-CAF31-03-BK-BP Cable (Black)

The ORICO USB-C to USB-A adapter cable is perfect for various applications. It enables file transfer at speeds of up to 10 Gbps and supports fast charging up to 60W PD. With this cable, you can charge your phone, conveniently manage files stored on a memory card, or even connect a mouse to your computer. The product stands out for its wide compatibility and durability.

### Fast Charging, Fast File Transfer

Do you often transfer files between devices? Now you can do it much faster! The ORICO cable allows data transfer at speeds of up to 10 Gbps, so your photos or videos will reach their destination in no time. The CAF31-03-BK-BP model also supports fast 60W PD charging with a current of up to 3A. This means you can quickly charge your phone or even a laptop.

### Wide Compatibility - Many Possibilities

The cable is compatible with most popular devices. It allows you to connect a keyboard or mouse to your computer, an external laptop adapter, or a memory card reader to your smartphone. It also works seamlessly with tablets, digital cameras, and more. Furthermore, thanks to the Plug & Play system, you don't need to waste time configuring it - just plug it into your chosen device. Note: This product is only compatible with smartphones with OTG function.

#### Enhanced Design

Don't worry about the cable breaking quickly. The CAF31-03-BK-BP model is highly durable and flexible - the nylon braid ensures exceptional strength. It can withstand repeated bending and pulling without a problem! Additionally, the copper-plated wire ensures fast, stable, and reliable signal transmission.
