

## Hub 5in1 with 4 Ports USB 3.0 and USB-C cable Vention TGKBF

USB-C 3.0 Hub to 4 Ports with Power Adapter Vention TGKBF 1m Type ABS

Ref: 6922794746756

### Hub Vention 5-in-1 Black 1m

The Vention 5-in-1 Hub is a true gem among computer accessories. Its USB3.0 interface ensures lightning-fast data transfer speeds of 5Gbps while guaranteeing smooth operation of connected accessories such as mice and keyboards. Additionally, the hub allows simultaneous charging of two smartphones, making it a definite advantage for those who use multiple devices. The modern USB-C connector, combined with a 1-meter cable, offers versatile connectivity options, and its ability to handle hard drives up to 8TB makes it an indispensable tool for those storing large amounts of data. All of this is enclosed in an elegant black casing that complements any hardware setup.

### Fast Data Transfer

One of the advantages of the Vention hub is its ability to transmit data at an incredible speed of 5Gbps. Thanks to the USB3.0 interface, this hub not only offers compatibility with a wide range of devices but also ensures rapid file, music, and video transfers.

### No Delays in Work

If you value smooth operation and work comfort, this hub is an excellent choice. When connecting your mouse, keyboard, or other accessories to it, you can be confident that you won't experience any delays. This ensures that your work is more efficient and comfortable.

### Charging Two Smartphones Simultaneously

Have you ever had to choose which of your devices to charge first? With this hub, you have the option to charge two smartphones simultaneously. Simply connect the hub to the charger and then your devices, and enjoy the convenience of both charging at the same time.

### Versatile USB-C Connector

The 1-meter hub cable is equipped with a modern USB-C connector. This forward-looking solution not only ensures better compatibility with new devices but also means that the hub will serve you well for a long time.

### Support for Large Hard Drives

Planning to connect a large hard drive? This hub supports hard drives with capacities of up to 8TB. This means you can store and transfer large amounts of data without worrying about their safety.
