Flat UTP Category 6 Network Cable Vention IBABH 2m Black

Vention IBABH Cat.6 UTP Flat Network Cable 2m Black

In the world of digital communication, the quality of the connection is key to efficient and stable work. The right choice of network cable is essential. We introduce the Vention IBABH model cable — a combination of reliability and functionality. With it, your network connection will reach a new level. Here are its main features.

Versatility of Applications

The Vention IBABH network cable has been designed for a variety of applications. Its compatibility with computers, laptops, routers, switches, and IBABH makes it indispensable not only in offices and internet cafes but also in the comfort of your own home. With it, you can connect to the network in any place and situation.

Flat Design

The unique, flat construction of the Cat.6 UTP cable is not only aesthetically pleasing but also practical. It allows for easy laying and organization of cables in places with limited space. Moreover, this category of cable ensures high bandwidth and reliable data transmission, which makes it ideal for more demanding applications.

Durability and Reliability

Made from PVC material, the Vention IBABH cable is not just flexible, but most importantly resistant to mechanical damage and wear. The classic black color also fits into any interior and does not attract attention, allowing for discreet cable routing.

Thoughtful Design

At a length of 2m, this cable is perfect for most applications, offering the right length without unnecessary tangling or cluttering of space. By choosing the IBABH model from Vention, you are assured of reliable and stable operation in any conditions.
