Vention IBEBG Cat.6 UTP Network Cable 1.5m Black

In the era of growing technological requirements, a reliable network connection becomes the key to the efficient functioning of many devices. A proper cable is a crucial element of this connection. We present the Vention IBEBG network cable, which combines functionality with reliability. Perfectly matched to contemporary needs, it provides a stable and fast connection. Here are its main features.

Universal Compatibility

The Vention IBEBG network cable is characterized by a broad range of compatibility. It can easily connect computers, laptops, televisions, routers, switches, or ADSL devices. Such versatility makes it an irreplaceable piece of equipment in every household, office, or public space.

Cat.6 UTP Cable

The IBEBG model is a Cat.6 UTP network cable, which means that it provides high bandwidth and stability of the connection. You don't have to worry about interruptions in data transmission or signal disturbances. Whether you are transferring large files, streaming 4K quality movies, or playing online games, this cable will be your reliable partner.

Durability and Reliability

The Vention IBEBG cable is made of PVC, which ensures its durability and resistance to everyday wear and tear. This material is flexible yet resistant to mechanical damage, which allows for many years of cable use without worries about its quality. The cable length is 1.5 m.
