

Network Cable CAT8 SFTP Vention IKABK RJ45 Ethernet 40Gbps 8

Category 8 SFTP Network Cable Vention IKABK 8m Black

Ref: 6922794743564

Vention IKABK 8m cat.8 SFTP network cable (black)

Whether you work remotely, study online or simply use the Internet for entertainment, the Vention cable will meet your needs. The transmission speed of 40 Gbps means you can transfer large files, stream content at the highest quality and play online without lag. The transmission bandwidth of 2000 MHz provides unparalleled signal stability, eliminating any interference and ensuring smooth operation of your network.

Reliability for years to come

Made of the highest quality PVC material, it is extremely durable and resistant to mechanical damage. So you can be sure that it will serve you for many years. The cable is equipped with gold-plated terminations that minimize signal loss and interference, resulting in better connection quality.
