Vention IBEBQ Cat.6 Network Cable 20m Black

In the era of increasing technological demands, a reliable network connection is essential for the smooth operation of many devices. The key element of this connection is the appropriate cable. We present the Vention IBEBQ network cable, which combines functionality with reliability. Perfectly suited to modern needs, it provides a stable and fast connection. Here are its main features.

Universal Compatibility

The Vention IBEBQ network cable is characterized by a wide range of compatibility. It can seamlessly connect computers, laptops, televisions, routers, switches, and ADSL devices. Such versatility makes it an indispensable element of equipment in any household, office, or public space.

Cat.6 UTP Cable

The IBEBQ model is a Category 6 UTP network cable, which means it provides high bandwidth and a stable connection. You don't have to worry about data transmission interruptions or signal interference. Whether you're transferring large files, streaming 4K movies, or playing online games, this cable will be your reliable partner.

Durability and Reliability

The Vention IBEBQ cable is made of PVC, which guarantees its longevity and resistance to everyday wear and tear. This material is flexible and at the same time resistant to mechanical damage, allowing for many years of cable use without worrying about its quality. The cable length is 20 meters.
