UTP Category 6 Network Cable Vention IBEBV 40m Black

Vention IBEBV Cat.6 UTP Network Cable 40m Black

In the era of increasing technological demands, a reliable network connection is key to the smooth operation of many devices. An essential element of this connection is the appropriate cable. We present the Vention IBEBV network cable, which combines functionality with reliability. Perfectly suited to contemporary needs, it ensures stable and fast connection. Here are its main features.

Universal Compatibility

The Vention IBEBV network cable is characterized by a broad range of compatibility. It can effortlessly connect computers, laptops, televisions, routers, switches, and ADSL devices. Such versatility makes it an irreplaceable piece of equipment in any household, office, or public space.

Category 6 UTP Cable

The IBEBV model is a Category 6 UTP network cable, which means it provides high bandwidth and connection stability. You won't have to worry about data transmission interruptions or signal disturbances. Whether transferring large files, streaming 4K quality videos, or playing online games, this cable will be your reliable partner.

Durability and Reliability

The Vention IBEBV cable is made of PVC, which guarantees its longevity and resistance to everyday wear and tear. This material is flexible yet resistant to mechanical damage, allowing for many years of cable use without concerns about its quality. The cable length is 40 meters.
