Ref: 6922794742956

Vention IBIBG Cat.6A UTP Network Cable 1.5m Black Slim Type

In the world of digital communication, the quality and speed of the connection play a crucial role. By choosing the right network cable, we can significantly improve the quality of our daily online activities. Here is the Vention IBIBG model, created with the most demanding users in mind.

Fast Throughput up to 10 Gbps

Thanks to the high throughput of 10 Gbps, the IBIBG cable ensures an ultra-fast and stable connection. Whether you are playing online games, streaming high-resolution content, or downloading large files, this cable provides optimal and uninterrupted operation. Its ability to transfer data at such speed makes it ideal for those who do not want to compromise on performance.

Slim Design with a Cable Thickness of 2.8 mm

Despite its exceptional performance, the Vention IBIBG model stands out with a slim design, with a cable thickness of just 2.8 mm. Such construction facilitates installation and cable management, and also minimizes the risk of tangling. The aesthetic appearance and discreet design ensure that it fits perfectly into any interior, without disturbing the harmony of the space. Its length reaches 1.5 m.
