Ref: 6922794746039

Flat UTP Category 6 Network Cable Vention IBJBU 35m Black

Vention IBJBU Cat.6 UTP Flat Network Cable 35m Black

As technology becomes a daily companion in our lives, making the right choice of equipment is key. We present the Vention IBJBU network cable, which has been designed to meet the demands of the most cutting-edge devices. Its main features ensure not only reliability but also versatility of applications.

High-Performance Data Transmission

With the ability to transmit data at 1000 Mbps, the Vention IBJBU cable offers an exceptionally stable and quick connection. This means that even when transferring large files, streaming content in high definition, or during online gaming, the user can count on continuity and consistency of performance. Such a level of efficiency is indeed necessary in these times when we depend on the fluidity and quality of the connection.

Universal RJ45 Interface

The RJ45 interface with which the IBJBU model is equipped ensures versatility of use. Thanks to it, the cable is compatible with a wide range of devices such as computers, laptops, routers, switches, televisions, smart boxes, and printers. This means that no matter the needs, this cable will be the right choice, adapted to your equipment.

Sleek Design

The IBJBU network cable is characterized by a sleek design with a thickness of just 1.6 mm. This not only looks aesthetic in any interior but also facilitates cable management and minimizes the risk of tangling. With a length of 35 meters, this network cable is perfectly suited to larger spaces, providing flexibility in device placement. By choosing the IBJBU model from Vention, you are opting for reliability and functionality in a single product.
