

Flat Network Cable Extension CAT7 Vention ICBBB RJ45 Etherne

Ref: 6922794729728

Flat Network Cable Extension Category 7 Vention ICBBB 0.5m Black

Vention ICBBB Cat.7 Flat Network Cable Extension 0.5m Black

Contemporary digital technology not only requires advanced hardware but also suitable tools and accessories that help fully utilize its potential. The Vention ICBBB network cable extension is a product that combines quality craftsmanship with performance. It is an answer to the needs of users seeking certainty and reliability in everyday use.

High Throughput up to 10 Gbps

Thanks to the data transmission capability of 10 Gbps, the Vention ICBBB extension guarantees smooth and fast operation. This transmission speed is ideal for those who need a stable connection when transferring large files, streaming in high resolution, or other activities that require high bandwidth. With this extension, you don't have to worry about delays or interruptions in operation.

Versatile RJ45 Interface

The ICBBB model has been equipped with a universal RJ45 interface, making it compatible with many devices. Whether you want to connect a computer, laptop, router, or switch, this extension ensures a secure and durable connection. With such a solution, you can be sure that one product will meet many of your needs.

Flat Design for User Convenience

The specificity of the flat design of the Vention extension not only adds an aesthetic look but also facilitates its installation and organization. Such a shape allows for discreet cable routing along the floor, wall, or under the carpet, minimizing the risk of tangling and clutter. At a length of 0.5m, the extension is a practical solution that provides flexibility in configuring your workstation or entertainment setup.
