

Network Cable CAT7 SFTP Vention ICDHD RJ45 Ethernet 10Gbps 0

Ref: 6922794746435

Category 7 SFTP Network Cable Vention ICDHD 0.5m Gray

Vention cable cat. 7 SFTP Ethernet RJ45 8P8C 0.5m

In a world of technology where reliability and connection speed are key to efficient work and entertainment, Vention cat. 7 SFTP presents itself as an excellent choice for anyone who values quality and performance. Its thoughtful design sets it apart from other cables on the market, making it an ideal solution for those who don't want to compromise.

Exceptional Construction

Vention cat. 7 SFTP was designed with the highest quality of data transmission in mind. Its core, created from oxygen-free copper, is surrounded by aluminum foil and a metal braid. Thanks to this combination, the cable is extremely resistant to the influence of magnetic fields from the environment, guaranteeing stability and speed of transmission.

Gold-plated Plugs

The cable's connectors are coated with a thin layer of gold. Gold-plated connectors not only add to the aesthetic appearance, but most importantly, they increase conductivity and protect against corrosion, ensuring a long cable life.

Protection Against Breakage

Anyone who has ever used an Ethernet cable knows how easy it is to break the safety clip. The Vention model is equipped with a special

safety feature that protects the clip from breaking, making plugging and unplugging easy and hassle-free.

Protection plugs

The included plugs for the plugs are another advantage of this cable. They protect the plugs from dust, dirt and other factors that can affect the quality of the connection. This allows the cable to retain its properties for a longer period of time.

Resistance to External Factors

Vention cat. 7 SFTP is durable and resistant to various external factors. Its bending resistance, fire-resistant properties and moisture resistance make it an excellent choice for any type of installation.

- Brand □
- Vention
- Model □
- ICDHD
- Color □
- Gray
- Length
- 0.5m
- Interface □
- RJ45 8P8C
- Conductor □
- Oxygen-free copper
- AWG □
- 28AWG
- Bandwidth □
- 600MHz
- Transmission speed □
- 10Gbps
- Gold-plated plugs □
- Yes
