

Network Cable CAT8 SFTP Vention IKABL RJ45 Ethernet 40Gbps 1

Category 8 SFTP Network Cable Vention IKABL 10m Black

Ref: 6922794742864

Cat. 8 SFTP Network Cable in Black - 10m

Thanks to the use of oxygen-free copper, the Vention IKABL cable ensures optimal signal flow. This type of copper is known for its exceptionally high conductivity, which translates into transmission stability and purity. It's an exceptional solution for professionals and home network enthusiasts.

Incredible Transmission Speed - Up to 40Gbps

Looking for maximum performance in your network? The Vention IKABQ network cable allows data transmission at speeds of up to 40Gbps. This guarantees smooth streaming, fast file transfers, and seamless connections in any conditions.

Durable RJ45 8P8C Connector with Gold-Plated Plugs

Connectors are key to durability and reliability in a network cable. The IKABQ model is equipped with an RJ45 8P8C connector, ensuring a stable and secure connection. Additionally, gold-plated plugs provide excellent contact and corrosion resistance.

Durable PVC Coating in Black

The Vention IKABQ cable is coated with PVC, which ensures its durability and protection against external factors. The stylish black color complements most devices and surroundings, adding elegance to any space.
