Vention IBJBK Cat.6 UTP Flat Network Cable 8m Black

As technology becomes a daily companion in our lives, the right choice of equipment becomes key. We present the Vention IBJBK network cable, designed to meet the requirements of the most modern devices. Its main features provide not only reliability but also versatility in applications.

### High-Efficiency Data Transmission

With a data transmission capability of 1000 Mbps, the Vention IBJBK cable offers exceptionally stable and fast connections. This means that even when transferring large files, streaming high-resolution content, or online gaming, users can count on continuity and consistency of operation. Such performance level is essential in today's world when we depend on the fluidity and quality of the connection.

### Universal RJ45 Interface

The RJ45 interface with which the IBJBK model is equipped guarantees versatility in applications. Thanks to it, the cable is compatible with a wide range of devices, such as computers, laptops, routers, switches, TVs, smart boxes, and printers. This makes it the right choice regardless of needs, tailored to your equipment.

### Sleek Design

The IJBK network cable stands out with a sleek design, only 1.6 mm thick. This solution not only looks aesthetically pleasing in any interior but also facilitates cable management and minimizes the risk of cable tangling. At 8 m in length, this network cable is perfect for larger spaces, providing flexibility in device placement. By choosing the IJBK model from Vention, you opt for reliability and functionality in one product.
