Ref: 6922794729797

Flat network cable extender cat.7 Vention ICBBL 10m Black

Flat Cat.7 Network Cable Extender Vention ICBBL 10m Black

Modern digital technology requires not only advanced equipment but also appropriate tools and accessories that help to fully utilize its potential. The Vention ICBBL network cable extender is a product that combines quality craftsmanship with performance. It is the answer to the needs of users who desire certainty and reliability in everyday use.

High Bandwidth up to 10 Gbps

Thanks to the data transmission capability of 10 Gbps, the Vention ICBBL extender ensures smooth and fast operation. This transmission speed is ideal for those who need stable connection when transferring large files, streaming in high resolution, or other activities requiring high transfer power. With this extender, you don't have to worry about delays or interruptions in operation.

Versatile RJ45 Interface

The ICBBL model is equipped with a universal RJ45 interface, making it compatible with many devices. Whether you want to connect a computer, laptop, router, or switch, this extender provides a secure and lasting connection. With such a solution, you can be sure that one product will meet many of your needs.

Flat Design for User Convenience

The flat design of the Vention extender not only adds an aesthetic look but also facilitates its installation and organization. This shape allows for discreet routing of the cable along the floor, wall, or under the carpet, minimizing the risk of tangling and clutter. With a length of 10 m, the extender is a practical solution that provides flexibility in configuring your workstation or entertainment setup.
