

## USB 2.0 A to Mini-B cable Vention COMBC 0.25m Black PVC

USB 2.0 A male to Mini-B male cable Vention COMBC 0.25m Black PVC

Ref: 6922794748743

Vention COMBC USB 2.0 A male to Mini-B male cable (0.25 m, black)

The Vention USB 2.0 to Mini USB cable provides reliable and stable data transmission at 480 Mbps. With it you can charge your device and transfer audio files at the same time. Also noteworthy is its robust construction, which translates into long-lasting use.

### Multiple uses

With the Vention cable, you can record images from your computer camera in real time and thus reduce transmission time. Transferring files of 1GB in size won't be a challenge either - the transmission speed reaches up to 480 Mbps. However, this is not the end of the possibilities! The product also allows you to upload and transfer songs at the same time thanks to compatibility with such devices as MP3, MP4 and MP5.

### High-quality performance

Enjoy smooth operation. Thanks to the tinned copper conductor, the cable ensures fast and reliable data transmission, and double shielding has further increased its resistance to interference.
