

USB 2.0 A to USB-B cable with ferrite core Vention COQBL 2A

Ref: 6922794748606

USB 2.0 A male to USB-B male cable with ferrite core Vention COQBL 10m Black PVC

Vention COQBL ferrite core USB 2.0 A male to USB-B male cable (10m, black)

Boost your productivity in the office. The Vention USB 2.0 to USB-B cable is distinguished by its amperage of up to 2 A, enables data transmission at 480 Mbps and ensures smoothness when printing documents. It is widely compatible and interference-proof, and its length is as long as 10 meters.

Work more efficiently

The Vention cable effectively eliminates distortion and errors in the printing process. It makes work more efficient. The product is widely compatible with printers, fax machines, scanners and multifunction devices. It also allows you to transfer files at 480 Mbps, making it an indispensable accessory in every office and home.

Reliable in any situation

The cable's dual magnetic rings guarantee stable and smooth transmission even over longer distances. You no longer have to worry about connection interruptions while using your devices. The copper, zinc-coated conductor and double layer of shielding effectively protect against any interference, ensuring signal reliability. In addition, the thick PVC layer ensures durability and resistance to damage.
