Vention CONBI USB 3.0 Cable 3m Black PVC

The Vention CONBI cable is a blend of practicality and modernity. It stands out with its high-quality workmanship and versatility, becoming an indispensable component at home or in the office for every user of electronic equipment.

High-Speed Transmission

In the age of the digital revolution, a crucial feature of any cable is the speed of data transmission. The CONBI model from Vention guarantees a throughput of up to 5 Gbps. This enables users to transfer large files instantly, stream movies, or engage in advanced online activities without worrying about delays or transmission interruptions.

Universality in Use

Compatibility is an essential element of modern technological solutions. The Vention CONBI cable works perfectly with a variety of devices — from laptops and desktop computers to televisions and cameras. An additional benefit is the ability to connect to TV boxes, which will certainly be appreciated by home entertainment enthusiasts.

Solidity and Durability

When selecting a cable, it is important to pay attention to the material it is made from. The CONBI model is made of PVC, a material

known for its resistance to mechanical damage. The 3m long cable is not only durable but also flexible, which facilitates its use under various conditions. Additionally, the cable is capable of delivering a current of 2 A, which ensures the fast charging of devices.
