

Extension Cable USB 3.0 male to female Vention CBHBF 1m Blac USB 3.0 male to female extension cable Vention CBHBF 1m Black PVC

Vention USB-A to USB-A Cable, Black, 1m

The Vention CBHBI model cable, equipped with USB 3.0, ensures data transmission at an impressive speed of 5Gbps. With this cable, users can transfer 1GB files in just 5 seconds. This means that transferring movies, photos, and larger files becomes an incredibly efficient and fast process.

Convenient Connection to a Desktop Computer

Using the Vention CBHBF cable, users no longer need to bend down to connect the cable to ports on the front of the computer or crawl under the desk to find the rear ports. The Vention cable provides comfort and convenience, saving you time and effort.

Device Port Protection

Constantly plugging and unplugging plugs from ports can lead to damage. The Vention CBHBF model cable helps protect the ports on your devices. By connecting it permanently, users reduce the frequency of plugging devices into the computer or laptop port, resulting in longer device lifespan and better performance.

High-Quality Construction

The Vention CBHBF model cable is built with the highest quality materials, including tinned copper wires and grounding wire. These

components are further surrounded by aluminum foil, metal braiding, and an external PVC jacket. This construction ensures durability, resistance to interference, and a long period of use.

Aesthetics and Functionality

Not only is functionality important, but the Vention CBHBF cable, designed in an elegant black color, will certainly complement most devices and computer setups.
