

Cable HDMI 2.1 Vention AANBJ, 5m, 8K 60Hz/ 4K 120Hz (black)

Ref: 6922794755147

Cable HDMI 2.1 Vention AANBJ 5m 8K (black)

Vention AANBJ 5m HDMI 2.1 Cable 8K

Create your own home theater. The Vention HDMI 2.1 cable supports high-resolution 8K and features technologies like HDR, QMS, ALLM, and VVR. It also delivers excellent audio quality and can operate in various display modes. It stands out for its durability, equipped with gold-plated connectors and a robust PVC coating to protect it from damage. Additionally, it boasts a 48 Gbps bandwidth and can transmit up to 10 meters.

Stunning Picture Quality

With 8K resolution and a 144Hz refresh rate, the Vention HDMI cable can provide a detailed, crisp image. Furthermore, Dynamic HDR ensures vivid, natural colors, and VVR technology allows for perfect synchronization and smoothness. Don't let any detail escape when watching movies or vacation photos!

Perfect for Various Applications

With the Vention cable, you can effortlessly connect a smart box to your TV or a computer to a projector. The AANBJ model also supports multiple display modes – allowing you to duplicate or extend your screen and works well when connecting multiple displays. The product is also known for its wide compatibility.

Top-Level Sound

Experience unforgettable moments when watching TV series or playing games. The Vention cable can deliver high-fidelity sound and supports the special eARC effect, allowing you to hear every detail without any issues. Enjoy your entertainment to the fullest!
