Claw Hammer Deli

A hammer popularly known as a claw hammer, great for carpentry work. The thermoplastic rubber handle is lightweight, moisture resistant and fits well in the hand. It guarantees a firm grip, even with wet and slippery hands. This practical tool is ideal for driving and removing nails, levering boards and bending metal. It will prove useful during assembly work and other similar applications in the workshop and household. The Deli EDL5002 claw hammer is made from high grade materials such as carbon steel and fiberglass. Its improved design means that it can meet the expectations of even the most demanding professionals.
