

DisplayPort 1.2 Cable Vention HACBG 1.5m, 4K 60Hz (Black)

Ref: 6922794733282

DisplayPort Cable 1.5m Vention HACBG (Black)

DisplayPort 1.5m Vention HACBG cable (Black)

The Vention cable is the ideal solution for anyone looking for a reliable connection between their laptop and a monitor or projector with DP input. It provides excellent picture and sound quality in Mirror mode and screen expansion mode. Robust construction is a guarantee of a stable signal and long product life.

High quality transmission

This model supports DisplayPort version 1.2, which means you can enjoy smooth video in stunning 4K resolution at 60 Hz refresh rate. The robust signal without interference is thanks to aluminum foil shielding and metal braiding. What's more, the connector features a special card clip, so you don't have to worry about accidental disconnection and signal loss.

Two display modes

The Vention cable supports 2 modes. You can use Mirror mode for entertainment or at work during presentations. Extend mode will allow you to be more productive when working on two screens. Whether you are working on multiple tasks at the same time or want to entertain, this cable will do the job.
