DisplayPort HD 8K 2 m Cable Vention HCELH (Blue)

The Vention cable supports DisplayPort version 1.4, ensuring a maximum resolution of 7680 x 4320 pixels. This means you can enjoy 8K quality visuals, making it perfect for professional applications such as video editing, graphic design, and high-quality signal transmission. An impressive refresh rate of 240 Hz ensures smooth motion on the screen, crucial for both entertainment and work purposes. The cable supports Mirror, Extend, and Multi Split-Screen modes.

Extreme Signal Protection

This cable also guarantees reliability. Equipped with three shielding layers, it eliminates any signal interference. Whether you work in an area with intense electromagnetic pollution or use multiple monitors, you can rest assured that the image quality will remain flawless.

Gold-Plated Connectors

Details matter, especially in professional applications. The HCELH cable comes with gold-plated connectors, ensuring an excellent connection quality. This minimizes signal loss, keeping your visual experiences pristine. It's a feature that also contributes to the cable's durability.

High-Quality Materials

Vention always prioritizes quality. The cable is made from durable materials such as PVC and ABS, providing both reliability and an aesthetic appearance. With a 2-meter cable length, you have flexibility in arranging your equipment, and a data transmission speed of 32.4 Gbps means that, regardless of the application, this cable will meet your requirements.

Manufacturer

Vention

Model

HCELMH

Product Name

HD DP 1.4 Male-to-Male 8K 3M Cable

Color

Blue

Connector 1

DisplayPort male

Connector 2

DisplayPort male
