

Multifunctional Crimping Tool with Ratchet Vention KEAB0 Bla

Multifunctional Crimping Tool with Ratchet Vention KEAB0 Black

Ref: 6922794743571

Vention KEAB0 multifunctional cable crimping tool with ratchet (black).

The Vention KEAB0 multifunction tool is an indispensable piece of equipment in the hands of electrical and telecommunications professionals, as well as for DIY projects. It will work great not only for crimping cables, but also for stripping insulation and cutting. Made of extremely strong high-carbon steel, it ensures not only durability, but also precision and reliability during work.

Versatility in one tool

Whether you are working with network cables, telephone cables or need to precisely cut a cable, this tool is for you. It will work great for attaching plugs to network cables (8P) or telephone cables (6P and 4P). In addition to the main function of cable crimping, it can also be used for stripping insulation and precision cutting, both round and flat wires. This way, you don't have to reach for several tools to do complicated cable assembly work.

Work safely and efficiently

Now you can do your work faster, more efficiently and safely, while saving your time and strength. The Vention tool features a carefully designed handle with a force-saving mechanism, making cable work much less tiring. The tool's secure edge guarantees a firm grip and additional safety when performing tasks.
