

## Modular RJ45 CAT6 UTP Connector Vention IDDR0-50 Transparent

Ref: 6922794744219

Modular RJ45 Cat.6 UTP Connector Vention IDDR0-50 Transparent Pack of 50

Modular Plug Cat. 6 UTP RJ45 Transparent 50pcs

Thanks to the unique chip design, where each one has three tips that closely adhere to the cable core. This solution accelerates data transmission, ensuring a stable and reliable connection. It is the perfect solution for those looking for not only performance but also reliability in every connection.

Gold-Plated Contacts for Better Conductivity

Say goodbye to rust! The IDDR0-50 modular plug is equipped with gold-plated contacts that are not only corrosion-resistant but also significantly improve conductivity. This ensures that every connection will have the highest quality conductivity, providing excellent data transmission quality.

Durability and Longevity

When we talk about a Vention product, we know we are getting the highest quality product. Thanks to its transparent design, we can easily monitor the plug's condition while enjoying its aesthetic appearance. In the set, you receive a total of 50 pieces, making it an ideal choice for both small and larger network projects.

Standard Cat. 6 UTP RJ45

The Vention IDDR0-50 modular plug meets the Cat. 6 UTP RJ45 standard. This means it is perfectly suited to modern network requirements, ensuring compatibility with many devices and guaranteeing fast, reliable data transmission.
