Vention 3.5mm Male to 3.5mm Female Mini Jack Cable 2m

The Vention 3.5mm mini jack cable (BHCBH) combines technology with practical design. Its sturdy construction ensures a long lifespan, while high-quality materials guarantee clear sound quality. Features such as microphone control support and thoughtful design make it the perfect choice for anyone who values both convenience and quality.

Durable Interface Housing

The key to the longevity of any cable is its resistance to daily use. The Vention BHCBH cable features interface housing made of aluminum. This choice of material not only provides an aesthetic appearance but also significantly increases the cable's durability, preventing it from breaking. This is especially important for those who frequently use portable devices.

High-Quality Sound

The Vention BHCBH cable guarantees high-quality sound transmission. Whether you are listening to music, podcasts, or making a phone call, you can rely on clear and crisp sound.

Microphone Control Support

Headphone users will appreciate the built-in microphone control support. With the Vention BHCBH cable, you can not only listen but also

engage in conversations using the microphone in your headphones, without the need for additional accessories.

Thoughtful Design

The key element of the Vention BHCBH cable is its design. The cable consists of an enameled copper core, a TPE outer sheath, and a cotton braid. This combination of materials ensures excellent conductivity and additional resistance to mechanical damage. Small details make a difference. The male plug of the Vention BHCBH cable has a special "step" that allows you to connect it to your phone without removing the case. This makes it quick and easy to connect the cable without worrying about compatibility with various device cases.
