Vention 3.5mm Male to 3.5mm Female Mini Jack Cable 3m

The Vention 3.5mm mini jack cable (BHCBI) combines technology with practical design. Its sturdy construction ensures a long lifespan, and high-quality materials guarantee clear sound. Features such as microphone control support and well-thought-out design make it the perfect choice for anyone who values both comfort and quality.

Durable Interface Housing

The key to the longevity of any cable is its durability in daily use. The Vention BHCBI cable features an interface housing made of aluminum. This material choice not only provides an aesthetic appearance but also significantly increases the cable's durability, preventing it from breaking. This is especially important for people who frequently use portable devices.

High-Quality Sound

The Vention BHCBI cable guarantees high-quality sound transmission. Whether you're listening to music, podcasts, or having a phone conversation, you can count on clear and crisp sound.

Microphone Control Support

Headphone users will appreciate the built-in microphone control support. This allows the Vention BHCBI cable not only for listening but

also for conducting conversations using the headphones' microphone without the need to purchase additional accessories.

Well-Thought-Out Design

The key element of the Vention BHCBI cable is its design. The cable consists of an enameled copper core, an outer TPE jacket, and a cotton braid. Such a combination of materials guarantees not only excellent conductivity but also additional resistance to mechanical damage. Small details make a difference. The male plug of the Vention BHCBI cable has a special "step" that allows you to connect it to the phone without removing the case. This allows you to quickly and easily connect the cable without worrying about compatibility with various device cases.
