

Photo studio background support Puluz 200x200cm DCA0975

Photo studio background support Puluz 200x200cm DCA0975

Ref: 5907489605595

Puluz photo studio background support

The tripod from Puluz will come in handy during photo shoots or various types of events, for example, baby shower or weddings. You can also use the DCA0975 with a backdrop for live broadcasting or recording videos.

Metal construction

The tripod is made of metal, making it not only strong and durable, but also lightweight so carrying it won't be a problem. For convenient transport, it comes with a bag that you can pack the tripod into and carry easily.

Fast installation

Mounting the tripod is a matter of just a few minutes with no extra tools required. Simply snap the crossbars together, turn the knob on the tripod to adjust the height, and then lock in place. The DCA0975 is also height adjustable between 85 - 140 - 200 cm, so you can set the height you need.
