

USB 2.0 4-Port Hub with Power Supply Vention CHMBB 0.15m, BI

Ref: 6922794746572

USB 2.0 4-Port Hub with Power Adapter Vention CHMBB 0.15m, Black

USB 2.0 Hub with 4 Ports and Power Adapter Vention CHMBB 0.15m Black

The Vention CHMBB hub is a combination of performance, compatibility, and convenience all in one. You gain flexibility, efficiency, and reliability. It's a tool that will streamline your day and make your devices work even better.

Performance and Fast Data Transmission

With its four USB 2.0 ports, the CHMBB hub allows for the simultaneous connection of multiple devices. You not only gain more possibilities but also achieve a data throughput of 480 Mbps. This is fast and efficient transmission, making your devices work more smoothly. This versatile hub not only transfers data but is also an ideal solution for charging phones. Now, you can charge your devices in a quick and reliable way.

Vast Capabilities

A cable length of 0.15 meters makes this hub's cable perfect for use in various situations. In addition, the Vention hub is compatible with a wide range of devices, including keyboards, mice, phones, external drives, tablets, gaming pads, and many more. Furthermore, the CHMBB hub can support even two large drives simultaneously, providing even more possibilities. The hub is also equipped with a light indicator, which informs you of its operation. This ensures that your devices are working smoothly.
