Hub USB-C to HDMI, 3x USB 3.0, SD, TF, PD Vention TOPHB 0.15 m (Gray)

The Vention hub allows you to transfer files at 5 Gbps and quickly charge your device with PD 100W power. What's more, it provides 4K@30Hz resolution video and allows you to read and write data from 2 SD/micro SD cards simultaneously. In addition, the blue LED indicator will provide information regarding the device's operation status, and thanks to its lightweight and compact design, you can easily store it.

Additional ports, more possibilities

Your laptop doesn't have enough ports? Choose a hub from Vention. The product offers inputs such as HDMI, USB-C, 3x USB3.0 and slots for Micro SD, and SD cards. What's more, you can transfer files at 5Gbps and charge your device with PD 100W at the same time.

High picture quality

Watch movies and series in even better quality and on a bigger screen. The Hub provides images in 4K@30Hz, so you will see almost every detail. You can successfully connect it to a projector, laptop, TV or monitor.

Reliable operation

Hub Vention is distinguished by efficient operation thanks to a chip that is responsible for smooth and reliable operation of the device.

You can therefore use it without worrying about stuttering or interference. Moreover, the product ensures good heat dissipation thanks to its aluminum alloy finish, effectively preventing the product from overheating.
