Havit Fuxi H1 2.4G gaming headphones (pink)

Take your gameplay to the next level. The Havit Fuxi H1 gaming headphones guarantee high-quality sound thanks to 40mm drivers. The omnidirectional microphone will allow you to comfortably chat with other players, and the ergonomic design will ensure the highest level of comfort during use. The headphones are perfect for dynamic gameplay thanks to ultra-low latency. You can connect them to your compatible device in 3 ways, and they last up to 24 hours.

Excellent sound quality

Immerse yourself in the world of your favorite games. The headphones feature 40-millimeter drivers for perfect harmony and clear, detail-saturated sound. High-quality stereo surround sound will make it easy to hear every step of your opponent - now nothing will surprise you!

Stay connected

Communicate freely with other team members and plan your strategy before the next game. The headphones feature an omnidirectional microphone that will perfectly record your every word. Plus, thanks to its flexible design, you can easily adjust it to your needs.

Various ways to connect

Use the headphones the way you like. There are up to 3 ways to connect the headphones at your disposal. You can conveniently connect the headphones to a compatible device in the 2.4 GHz band or use the Bluetooth module. They provide a reliable and stable signal without interference up to 10 meters. You can also connect them to your device using a USB-C cable.

Ultra-low latency

The headphones were designed with gamers in mind. They are equipped with a special Broadcom chip and provide extremely low latency, which is only 24 ms. This allows you to enjoy perfect synchronization of video and audio. Immerse yourself in the world of your favorite games and don't let your opponent surprise you!

Created for your convenience

Now you can play for as long as you want - you don't have to worry about discomfort or feelings of fatigue even during prolonged use. The ergonomic design of the headphones provides unparalleled comfort. The soft earcups are made of skin-friendly material and fit perfectly over the ears, while not exerting unpleasant pressure on them. Also noteworthy is the adjustable headband, which you can easily adjust to your needs.

Up to 24 hours of operation

Comfortably use the headphones even throughout the day. The Fuxi H1 is equipped with a powerful 400 mAh battery, which is responsible for the long operating time. The headphones last up to 24 hours when you use a Bluetooth connection or up to 20 hours when you use a 2.4 GHz connection. Want to use the headphones without worrying about them suddenly discharging during an important game? Take advantage of the USB cable and use them without limits!
