Gaming mouse Havit MS1032 (black)

Ref: 6939119069698

Havit MS1032 gaming mouse (black)

Get an edge in gaming with the Havit MS1032! The mouse provides high precision and allows you to adjust the resolution in the range of 800-6400, making it perfect for many situations. It is equipped with 6 buttons, which are characterized by long life. The ergonomic design guarantees unparalleled comfort, even during hours of gameplay, and the striking RGB backlighting will light up your gaming zone.

Unparalleled precision

The MS1032 mouse will give you full control over your movements! It allows you to adjust the DPI on as many as 6 levels - 800/1600/2400/3200/4800/6400, so you can adjust the mouse resolution to any gaming situation. Need flawless precision in a shooter? Choose a higher DPI. Or maybe you want to make complex moves in a strategy game? Lower the resolution for even more precision! With Havit you'll take control of the battlefield and gain the upper hand over your opponents in no time.

Ready for long hours of gameplay

Havit MS1032 is equipped with 6 buttons that will allow you to react quickly to every move in the game. Two of them allow you to instantly go back and forward, which will make navigating web pages or gaming controls extremely smooth and intuitive. What's more, the buttons are extremely durable, with a lifespan of up to 3 million clicks. This means you can rely on it for long hours of gaming without worrying about button wear.

Gaming design

Create a unique atmosphere while gaming! The mouse is equipped with RGB backlighting that will increase your level of immersion during gameplay. With 16 million available colors and a variety of lighting effects, you can customize the backlighting to suit your mood or gameplay style - just download special software.

Play without getting tired

Get ready for unparalleled comfort during intense gameplay! Its ergonomic design fits perfectly in your hand, providing a natural wrist position and minimizing fatigue. This allows you to play or work for hours without discomfort. Whether you're fighting fierce battles or working on a project, the Havit mouse will take care of your comfort during any activity.
