

Computer Case Darkflash K1 (black & orange)

Computer Case Darkflash K1 (black & orange)

Ref: 6926170082308

Darkflash K1 computer case

The K1 computer case ensures effective cooling of the hardware and allows its free expansion. It is equipped with special elements protecting it from dust. A user-friendly interface and a unique design distinguish the case. The transparent side panel exposes individual components.

Fantastic design

The design of the case, inspired by the armour of a knight, is a real eye-catcher. The gaming character of the model appeals to many gamers. The transparent side panel provides a perfect view into the interior of the PC. However, the product is not only stylish, but also practical. The case is equipped with 6 dustproof nets on the top and front. This makes it easy to keep your equipment clean.

Extensive expandability

The case is characterised by a user-friendly interface that provides a wide range of possibilities to expand and adapt the computer to your needs. Among other things, it features an LED switch, USB 3.0 and USB 2.0 ports, as well as HD audio. It also allows for the problem-free installation of components such as HDD/SSD or ATX power supply, for example.

Optimised solutions for efficient cooling

With Darkflash you effectively prevent your PC from overheating. The internal cooling channel will help you solve similar problems. The case also allows the installation of up to 7 fans. It is compatible with 240 mm water and 120 mm air coolers.

Perfectly organised space

The model also stands out for its excellent space organisation. The HDD/SSD on the right-hand side of the case is well positioned for optimal use of space. With Darkflash you can easily build the perfect PC for yourself.
