Insta360 selfie stick tripod with boom for sports cameras

The Insta360 tripod will help you create exceptional footage from different perspectives! You will successfully use it in up to 3 ways, and thanks to the ability to adjust the angle of the camera, you will position it exactly as you need. It is compatible with many popular Insta360 cameras. The lightweight and compact design will make it easy for you to carry and store.

Tailored to you

The tripod features an innovative design with a 3-stage folding mechanism, so you can freely adjust it to your needs. It also features a ball joint that allows you to adjust the angle of your camera. All this gives you full control over framing and recording perspective, making it even easier to create dynamic shots.

Use it the way you want

The Insta360 tripod is a real versatile multitool for any photography and filming enthusiast. You can use it as a stable tripod to get perfectly cropped shots. Want to capture yourself in a photo along with a group of friends? Turn the tripod into a selfie stick in just a few moments! You'll also use it as a comfortable grip to help you record for hours. There is also a Mantis mode that allows you to suspend the camera in the air, opening up a whole new range of possibilities for creating extraordinary frames.
