

Memory card Goodram IRDM MicroSDXC 64 GB Class 10 UHS-I/U3 A

Ref: 5908267961339

Memory card Goodram IRDM MicroSDXC 64 GB Class 10 UHS-I/U3 A2 V30 (IR-M2AA-0640R12)

GoodRam IRDM MicroSDXC 64 GB Class 10 UHS-I/U3 A2 V30 (IR-M2AA-0640R12)

The GoodRam IRDM MicroSDXC 64 GB card allows you to record 4K videos and slow motion, as well as save photos in RAW and JPEG formats. It offers fast read and write speeds, making it an ideal solution for multimedia enthusiasts and professionals. The A2 performance class ensures smooth mobile app performance, and its versatility and compatibility with various devices enhance its practicality. Durability and resistance to extreme conditions ensure data safety, and the 64 GB capacity provides ample storage space.

Optimization for Applications

Thanks to the A2 performance class, the GoodRam IRDM MicroSDXC card offers fast read (4000 IOPS) and write (2000 IOPS) speeds and is suitable for expanding the internal memory of devices running on the Android system. Its use goes beyond standard data storage, allowing for smooth video recording and efficient operation of mobile applications, which often consist of numerous graphic and audio elements. The product also stands out in terms of computational performance and can effectively manage simultaneous reading of complex processes.

High-Quality Recordings

The GoodRam IRDM MicroSDXC card with a capacity of 64 GB is compatible with the UHS-I U3 A2 and V30 speed classes. Its high performance allows for recording smooth, detailed videos in 4K and slow motion, ensuring creative freedom and confidence that every

important moment will be captured with the highest quality. The Video V30 speed class guarantees a constant minimum write speed of 30 MB/s, enabling the use of high-quality materials in continuous recording mode throughout the day. Read speeds of up to 170 MB/s and write speeds of up to 120 MB/s are additional advantages.

Compatibility and Versatility

The card is compatible with many devices, including modern drones, action cameras, dashcams, and surveillance cameras. You don't have to limit yourself and can freely use the product in various scenarios.

Durability and Data Security

The GoodRam IRDM MicroSDXC 64 GB is resistant to shocks, X-rays, magnetic radiation, and water, ensuring the safety of your data even in extreme conditions.
