

Torras phone case Diamond Clear for iPhone 15 PRO (transparent)

Torras phone case Diamond Clear for iPhone 15 PRO (transparent)

Ref: 6938075676391

Torras Diamond Clear case for iPhone 15 Pro (transparent)

The Torras Diamond Clear case provides comprehensive protection for your iPhone 15 Pro. It consists of 3 layers, which translates into high resistance to damage. What's more, it allows you to use the buttons comfortably, and thanks to its 0.04" thick design, you can successfully charge your device inductively and use magnetic grips. The case also has strong magnets and is resistant to yellowing.

Advanced protection

The case consists of 3 layers that protect your iPhone from damage and drops. What's more, the edges of the case are further raised to protect the lens and screen. In addition, the use of a polymer coating protects the case from sunlight, water and fingerprints. The product will therefore not yellow over time.

Magnetic ring

The case is equipped with 38 magnets with a total force of 18 N, which translates into unparalleled stability. So you can easily charge your iPhone wirelessly or use the magnetic mounts.
