

Filter ND32/PL Freewell for DJI Mini 4 Pro

Filter ND32/PL Freewell for DJI Mini 4 Pro

Ref: 6972971864704

Freewell ND32/PL filter for DJI Mini 4 Pro

Protect the camera lens of your DJI Mini 4 Pro and increase the quality of the shots you take. The ND32/PL filter allows you to get color-saturated, high-quality photos without unnecessary glare. The product is made of high-quality optical glass and aluminum alloy. It is also resistant to scratches, dust and water. It is distinguished by its light weight - you do not have to worry about the load on your device.

Effective performance

Freewell ND32/PL filter combines the properties of a neutral and polarizing filter. As a result, it provides effective polarization and glare reduction, so you can easily take shots with natural colors. The product also helps you control your camera's exposure settings when shooting or recording outdoors and offers 5-stop compensation to reduce shutter speed.
