Ładowarka samochodowa Remax RCC328 20W+22.5W PD+QC

Remax RCC328 20W+22.5W PD+QC car charger

Have the peace of mind that your phone won't drain during a long car journey! The Remax car charger has 3 USB ports and a built-in cable, so you can charge several devices at the same time. It is compatible with most vehicles that have a cigarette lighter socket. Multi-level safety features will keep your devices safe, and thanks to the clever design, you can be sure that the charger will stay in place, even when driving over uneven surfaces.

Fast charging technology

The car charger supports the Power Delivery and Quick Charge fast charging protocols, and its maximum charging power reaches 22.5 watts. This means that charging your devices will not take long. What's more, it features 3 USB ports and a spring-loaded USB-C cable with a special Lightning cap, so you can renew the power of up to 4 devices at the same time.
