Active cooling for the processor (heatsink + 2x fan) Darkflash Darkair Plus

The Darkair Plus cooler perfectly distributes and conducts heat, allowing you to maintain the right temperature of your computer's processor. It is equipped with 2 fans. It impresses with its unique design - colorful RGB backlighting gives it a fantastic gaming character. 4 heat pipes are responsible for its reliable operation. The device is compatible with Intel and AMD processors. It also supports the function of intelligent PWM control.

Thoughtful design - effective cooling

The cooler is equipped with 4 heat pipes, which ensure excellent performance of the processor. The copper base directly contacts it and guarantees better heat conduction. However, that's not all! The high-grade metal on the plates also distributes heat brilliantly and increases the efficiency of the device, and two powerful fans further contribute to efficient heat dissipation.

Intelligent PWM control

Are you looking for optimal solutions? We have excellent news for you! Darkair Plus cooler supports intelligent PWM control - find out its advantages. It is also equipped with excellent quality hydraulic bearings.

User-friendly

Don't be afraid of problems with the cooler's installation. The product is user-friendly, and its installation is relatively simple. The device is compatible with Intel and AMD platforms - it will certainly work well with your hardware.

Fantastic colorful backlighting

What else makes the Darkair Plus cooler stand out? The original design! The colorful backlighting of the fan, combined with the specially designed housing of the device, provides amazing visual effects. For the most interesting results, combine the cooler with a transparent case and other hardware with RGB.

Set includes

Radiator
Fan x2
Intel & AMD mounting kit
Thermal conductive paste
Mounting screws
User manual
Producer's manual

Darkflash

Model

Darkair Plus

Color

Black

Cooling type

Active

Number of fans

2

Speed

1600 RPM

Maximum noise level

29 dBA

Airflow

68 CFM

Service life

30000 h

Power supply voltage

12 V

Connector

4 Pin

Bearing type

Hydraulic Bearing

Illumination

ARGB

Number of heat pipes

4

Compatibility

Intel: LGA 775 / 1155 / 1156 / 1366 / 2011 (Core i3/i5/i7) /; AMD: AM4/FM2 / FM1 / AM3+ / AM3 / AM2+ / AM2

Fan size

120x120x25 mm

Dimensions

128x155x50 mm

Weight

680 g

Heat sink material

Copper and aluminum

TDP

160 W

Price:

€ 35.50

Gaming, Cooling, Active cooling
