

Caliper 150mm Deli Tools EDL92150 (silver)

Caliper 150mm Deli Tools EDL92150 (silver)

Ref: 6973107487088

150mm caliper

Deli's silver-colored tape measure caliper can measure the inside and outside of objects. It can also be used to measure the depth and spacing of items. Its error range does not exceed 0.02 mm. You will also find the device useful for measuring narrow gaps. In addition, it is characterized by high quality workmanship - it was made of durable carbon steel, which gives it great durability. The caliper will perfectly fulfill its role in the household or garage. It can be used in metalworking, woodworking or jewelry making. What's more, the solutions used guarantee comfort when obtaining measurements. The tool also has a knob with which you tighten or loosen the measuring part of the instrument, which ensures even greater precision.
