

## Smart Wireless Door/Window Sensor Kit Meross MS200H (HomeKit)

Ref: 6973696569448

Smart Wireless Door/Window Sensor Kit Meross MS200H (HomeKit)

Smart Wireless Door/Window Sensor Kit Meross MS200H (HomeKit)

Enjoy greater comfort and security in your home. When you install the MS200H sensor on your doors or windows, you will receive notifications on your phone if someone opens them. This allows you to stay informed and immediately be alerted to any concerning situations! The product is compatible with the Meross app as well as with the Apple HomeKit, Google Assistant, Samsung SmartThings, and Amazon Alexa ecosystems. You also have the option to connect it with other devices and create automations. The kit also includes the Meross MSH300 hub.

### Concerned About Safety

With the MS200H, you will instantly know if someone opens a window or door in your home - you will receive the appropriate notification on your phone. This allows you to check what's happening immediately and take appropriate action if needed. The device is very compact and easy to install - you can easily attach it in your chosen location. It also stands out with low energy consumption - its battery will last for up to 2 years of use. Meross also provides free access to a 2-year event history recorded by the sensor.

### Even More Convenient Control

You can remotely control the sensor using the Meross app. The product is also compatible with Apple HomeKit, Amazon Alexa, Google Home, and Samsung SmartThings. Integrate it into the ecosystem you use every day! Furthermore, the MS200H model supports voice

control (HomePod / Siri) - just a few words and you'll know its current status. You can also connect it with other devices and automate its actions. This way, you can, for example, have the lights automatically turn on when you enter your home!

#### Practical hub Included

The kit also includes the Meross MSH300 hub, which allows you to connect your sensors to an existing Wi-Fi network. The device is incredibly compact and won't take up much space in your home. Its installation is also hassle-free. What's more, the hub can connect up to 16 devices simultaneously - say goodbye to limitations.
